Dear Madam:

Your communication from the Progressive Club of Stinson Beach containing a request for the assistance of the State Chamber of Commerce in investigating the feasibility of dredging the channel of the Bolinas Bay and the lagoon, has been recommended to our Industrial Department.

We are arranging for a meeting before which these projects should come, to be held in Ukiah, on Thursday, November 13, commencing at 10:00 A.M. In order to coordinate our harbor improvement programs in this district it is essential that your representative be present.

In the meantime our staff will fully investigate your proposal.

Would you advise us who can attend that meeting?

Sincerely yours,

V. M. MOIR, Manager
North Coast District
